

MnAEYC Evelyn House Award Nominations Being Accepted...

Each year a MnAEYC member is honored for their positive contribution to the lives of young children.

In the Fall of 1970, a few days before the MnAEYC Annual Conference, the Association lost to cancer one of its most active members and a leader in the field of early childhood education. Evelyn House had spent all of her adult years working to improve the welfare of young children in nursery schools, day care center, Head Start Programs' first as a teacher, later as a director, and then as a consultant.

To honor this dedicated and tireless worker, Minnesota AEYC established the Evelyn House Award which in 1970 was awarded posthumously to Evelyn. The Association then instituted an annual award based on the following criteria:

- The recipient shall be someone who by his or her own efforts has made an impact on the lives of young children.
- The recipient's efforts to improve the welfare of young children must have had statewide impact in Minnesota.
- The recipient must be a present or past member of MnAEYC.
- The recipient must have made a significant contribution to the organization.

Past Recipients of the Evelyn House Award include:
